

TECHNICAL SPECIFICATION

Product Features

1. 7W High Efficiency LED Spotlight

Energy-saving 7W LED spotlight delivering stable and bright illumination, ideal for residential and commercial lighting applications.

2. Premium Aluminum Housing

Made of high-quality aluminum for excellent heat dissipation, ensuring longer lifespan and reliable performance.

3. Anti-Glare Design for Eye Comfort

Special anti-glare structure reduces direct light exposure, providing soft and comfortable lighting without eye strain.

4. 55mm Cut-Out Size – Easy Installation

Standard Ø55mm cut-out design fits most ceilings, quick and secure installation with spring clips.

5. Modern Recessed Downlight for Multiple Spaces

Perfect for living rooms, bedrooms, corridors, shops, hotels, and offices, delivering a clean and modern lighting effect.
