

TECHNICAL SPECIFICATION

Product Features

1 Superior Waterproof Performance (IP54)

Engineered for reliable operation in damp or semi-outdoor environments, offering consistent brightness and safety protection against moisture and splashes.

2 Anti-Glare Optical Design

Deep reflector and precision lens deliver soft, comfortable illumination without glare — ideal for commercial spaces like hotels, offices, and corridors.

3 High Efficiency & Energy Saving

Premium LED chips provide powerful 12W/18W output with high luminous efficiency, reducing energy costs while maintaining superior brightness.

4 Durable Aluminum Body

Constructed from high-grade aluminum for excellent heat dissipation and long lifespan, ensuring stable performance and less maintenance.

5 Modern Commercial Aesthetic

Sleek design blends seamlessly into ceilings, enhancing the professional look of retail stores, restaurants, showrooms, and hospitality spaces.

TECHNICAL SPECIFICATION

Product ID: ESH-DL-0004

- Model: DL011
- Watt:12W/18W
- Beam Angle:50°
- Colour Temp: 6000K/4000K/3000K
- CRI:80
- Voltage:220V~240V 50/60 Hz
- IP Grade: IP54
- Housing Colour:White
- Material:Alumunian+Lens

Item No.	Power	Lumen	Size	Hole size
DL011	12W	1200Lm	83mm*65mm	75MM
	18W	1800Lm	103mm*70mm	95mm

Highlight LED, Big tiles,
lamp beads
